WHO WE ARE

Antique Biodegradable is a trusted manufacturer of premium-quality paper cups, committed to delivering sustainable and reliable beverage packaging solutions. With a focus on innovation, quality, and environmental responsibility, we offer a comprehensive range of paper cups designed to meet the needs of cafés, restaurants, offices, events, and food service businesses. Our products combine durability, functionality, and eco conscious design to create a superior drinking experience.

WHAT WE DO

At Antique Biodegradable, we specialize in producing high-performance paper cup solutions that cater to diverse beverage applications. From hot coffee and tea to cold beverages, our product portfolio includes Single Wall Paper Cups, Double Wall Paper Cups, and Ripple Wall Paper Cups engineered for comfort, safety, and convenience. By combining advanced manufacturing processes with stringent quality standards, we ensure every product delivers consistent performance while supporting sustainable business practices. Our mission is to provide packaging solutions that help businesses serve their customers efficiently while reducing environmental impact.

MANUFACTURING EXCELLENCE

Quality is at the core of everything we do. Our modern production facility is equipped with advanced machinery and efficient manufacturing systems that enable us to maintain high production capacity without compromising product quality. From raw material selection to final inspection, every stage of production is carefully monitored to ensure precision, hygiene, and consistency. Our dedicated team continuously works to enhance product performance, optimize production processes, and develop innovative solutions that meet evolving market demands.
